curtain makers to the trade

AUDREY JOHNS

Est.1983

Since 1983, Audrey Johns Ltd has become established as ‘the designers’ secret’ making the finest bespoke curtains, blinds, pelmets, cushions, throws and soft furnishings for the trade. Working for some of the best known Interior Designers in the country, Audrey Johns Ltd sets new standards of professionalism for making soft furnishings across Britain.

At Audrey Johns we are very much focused on creating high quality products to a standard that truly reflects the intentions of the designers who for over 20 years have regularly commissioned us to undertake their projects. Our client list is our recommendation and we are valued for our excellent customer service, honest delivery times and our highly regarded reputation.

Now, in our second generation of family ownership, the promise we make to our customers remains the same - quality without compromise and service beyond expectation.

We are proud of our company policy of employing and training local staff, a commitment which has been rewarded in our low staff turnover and wonderful team loyalty.

Some of our seamstresses have been with us since we started in business, over thirty years ago.

In this time we have embraced changes when necessary - moving to newer, spacious premises with larger cutting tables - and the introduction of our unique online ordering system. Viewed as an accompaniment to our traditional craftsmanship, our modern efficiencies are enhancing our customer experience.

Hotels, holiday cottages, private residences, show homes, retirement villages, nursing homes - whether you provide your own fabric, or choose from our current fabulous range of UK and International trends, you can relax in the knowledge that Audrey Johns will take care of your every making need.
